“Leveraging Informatics Services at UMB to Make the Most of Your Research Funding”

Presented by

Zachary DW Dezman, MD, MS, MS

Assistant Professor, Departments of Emergency Medicine and Epidemiology
University of Maryland School of Medicine

Attending Physician and Vice-Chair, Research Committee

University of Maryland Medical Center – Midtown Campus

Deputy Director, Clinical and Translational Research Informatics Center (CTRIC)

Staff Scientist, Research HARBOR, University of Maryland, Baltimore

The purpose of this presentation is to introduce some of the informatics tools and services available to all UMB faculty. It will be directed towards trainees and early-stage researchers from all the UMB schools. We will focus on three services: the Research HARBOR, TriNetX, and REDCap. We will provide an overview of each, along with some tips and tricks to improve the quality of your next research project while making it faster, easier, and cheaper.
